

Sardar Patel Institute Of Technology
Institution's Innovation Council

Bhavans Campus, Old D N Nagar, Munshi Nagar, Andheri West, Mumbai, Maharashtra 400058

Event Summary Report

Program driven by: IIC Activity

Program /Activity Name: Innovation Day Campaign

Event Name: Pitching Competition, Slogan Design, Industrial Visit, Talk on CyberSecurity

Venue: Sardar Patel Institute Of Technology , Bhavans Campus, Andheri West, Mumbai

Date: 14/10/2019 to 18/10/19

List of Events Conducted:

- 1) Pitching Competition: A competition was organised especially for the 1st and the 2nd year students of S.P.I.T. The competition tested the students on various skill sets such as analytical thinking, design thinking and their overall Speaking skills. We had summoned judges from the SP-TBI namely Rajendra Co founder of Online Manufacturing and Co. and Deepak Jadhav Co founder of Pods Ventures pvt ltd. A dynamic judging criteria was maintained and an overall score was compared to find the winners. The problem Statement to this competition was completely open, wherein they were free to choose their own problem statement from the internet, newspapers and other pertinent resources.
- 2) Industrial Visit: A bunch of enthusiastic students got the opportunity to visit a renowned startup incubator, in the heart of Mumbai, Sardar Patel: Technology Business Incubator. The students interacted with startup founders and experts in their respective domains. They gained hands-on experience of operating cutting-edge technology like Augmented Reality (AR), Virtual Reality (VR) and Drone locomotion. The startups which were a part of this initiative were Quidich and Liminal.
- 3) Slogan Design: A competition was rolled out in our college to coin an attractive slogan which would uphold the principles laid down by Dr.APJ Abdul Kalam. Competitions like these are necessary to foster non-technical creative attitude amongst engineering undergraduates.
- 4) Cyber Security Talk: An insightful talk was conducted by Mr. Karan Sanjani (a cybersecurity solutions architect and the founder of R.U.D.R.A. Live technical demonstrations were conducted on Mitigations, Targeted Espionage, botnets and large scale exploitation of corporate and

residential wireless networks. The speaker also gave us a brief history of Cybersecurity practices and other fundamentals.
