

Sardar Patel Institute Of Technology
Institution's Innovation Council

Bhavans Campus, Old D N Nagar, Munshi Nagar, Andheri West, Mumbai, Maharashtra 400058

Event Summary Report

Program driven by: IIC Calendar Activity

Program /Activity Name: Orientation Session on National Education Policy (with a focus on Innovation and entrepreneurship)

Event Name: National Education Policy

Venue: Online (Google Meet)

Date: 28th December 2020.

A webinar on National Education Policy was organised by Institute Innovation Council (IIC), S.P.I.T on 28th of December 2020. We had Dr. B.N. Chaudhari, the Principal of Sardar Patel Institute of Technology enlightening us about the revolution this can bring about in the sector of education. He began the session with a few quotes by Rabindranath Tagore, Aristotle etc. An important fact that he mentioned thereafter was that the economy of a country is directly proportional to the education system and gave some analogies about it. He further continued by mentioning the important features of the National Education Policy 2020. He also mentioned that in the late 90s the ratio of people opting for higher studies was pretty less which has improved over the years. He stressed on the fact that research is one of the points which one should pay attention to.

After the wonderful informative webinar, there was a Q and A session to address the questions of the students and faculties. A question about acceptability and complete implementation of NEP in a country like India was asked by a student to which Dr. B. N. Chaudhari answered by agreeing to the fact that it would be a difficult task to get NEP accepted and implemented easily in India but once it succeeds India would reach greater heights.
