Date: 23rd of October

The Training and Placement Office of SPIT in collaboration with the Institute's Innovation Council conducted a mass internship drive for final year students on the 23rd of October. Various companies based at SP TBI recruited students for the 6 month internship program. Many of the students were already placed in high profile companies, with internship providing an alternative to the 8th semester. With more than 40 students securing internships at 20 companies, the initiative was a huge success. "It was great seeing the whole internship process for our seniors. We at the TPO are committed to connect students with companies", said a TE placement coordinator.
