## Event Summary Report

Program driven by: IIC Activity Program /Activity Name: Field/Exposure Visit to Village/Society /School/Industry/Market – Identity real Life Problem Event Name: Industrial Visit to Sardar Patel Technical Business Incubator(SP-TBI)

Venue: SP-TBI,Tower-2, Bhavans Campus, Andheri West, Mumbai Date: 6/10/2019

The Industrial Visit was inaugurated by an opening speaker session by the COO of TBI, Mr. Chandrabhan Singh who gave a warm welcome to the first year students. He emphasized upon the importance of SP-TBI and how students should use the resources of TBI to explore more about the world of startups and entrepreneurship. He also motivates students to think out of the box and develop interesting Technological solutions. This was followed by the talks by some of the most popular startups In SP-TBI - PODS Ventures, Skinzy and Damacloud. All talked about what made them think out of the box and come up with such ideas, the various challenges they faced to come up to the level and also how their journey has been. Each and everyone had some interesting and inspiring stories to discuss. All of them, except sharing their experiences had a common thing to say which was that there is no specific no time to start a startup but just a small idea which could be even during the college days. The students, having known and noting the background of the startups, visited the offices of the start ups in order to gain valuable insights on how the start up operates. The students asked several pointed questions which were ignited by their intriguing spirit. To end the enriching and informative Industrial Visit the students had a Q&A session with the cofounders.

E-Cell SPIT organised a visit to the SP-TBI where the students got a chance to interact with experts of various fields and explore the startup culture on 16th October 2019
